*After each team is picked, they will have a team meeting to decide which tournament series they want to participate in. Some teams may participate in both, while some may choose Torhs since the travel is much easier. Each team will participate in the home tournaments and will choose which away tournaments they would like to go on. The National tournaments provide a certain block schedule within the designated time period. For example Bantam Gold for Narch is July 20th-24th, so those are the dates you would play at Nationals.
