Photo & Video Packages

The Buffalo Wings Roller Hockey League is excited to introduce our brand new photo and video department. As some of you may already know, we have been taking RANDOM photos and video at our Kenan Center location in Lockport. We will continue to do this, but are now able to offer several photo and video packages for all BWRHL participants, to guarantee your team or individual gets the singular attention they deserve. High quality photos and videos of your games will be available on a pre-purchased, pre-scheduled basis. Why risk our photographers missing all your "Sportscenter" moments, when you now have the opportunity to save them forever? Simply schedule a session and let us do the work. Affordable packages are available on a limited basis so make sure to order yours soon.

- **Video Packages:** Complete game shot to your specifications with our high resolution video recorders. Final edit on DVD for you to share as you wish.
